

For Us Too is a charity run by parents of children with disabilities in Swale, Canterbury and Thanet

Our Mission is to improve the lives of children with disabilities, young people and their families across East Kent.

We work with parents to identify support needs and conduct research for families to put them on the right track to get the services and advice they need.

What We Offer:

Our Family Support Service - The aim of our family support service is to ensure that parents, carers and young people have access to timely, accurate and independent information and support. This enables them to take an informed and active role in any decisions relating to SEND processes and day to day activities.

Priority support is given to our members. Please see our website www.forustoo.org for information. Our service aims to empower parents, carers and young people and to help you to ensure that your voices are heard.

How we can offer support:

- Email info@forustoo.org for advice and support
