Key Stage 2

Attainment:

As these are new measures, we cannot make comparisons with previous years. Our Key Stage 2 attainment data is published in two ways; firstly as a whole school and secondly without pupils from our Oysters Special Resourced Provision (ASD) to enable fair comparison with national figures, which do not include Specialist Schools and Provisions.

Children are assessed at the end of Year 6 to establish whether they have achieved the expected national standard.

Progress:

Progress Measure from Key Stage 1 to Key Stage 2			
Progress at Newlands Primary School falls within the National Average banding – which applies to approximately 60% of schools in England.			
	Newlands	National Progress Band	Progress within Band
Reading	-0.3	Average	-2.3 to 1.7
Writing	1.4	Average	0.5 to 3.3
Maths	-1.7	Average	-3.5 to 0.1
For all subjects progress is in-line with the National Average			

Schools are obliged to publish progress measures between Year 2 and Year 6 and this data is compared to the national standard.

Calculating Progress: A school's Key Stage 1 to 2 progress scores for reading, writing and maths are calculated as its pupils average progress scores which means that school level progress scores will be presented as positive and negative numbers either side of zero. A positive score means that pupils in the school on average do better at Key Stage 2 than those with prior attainment nationally and vice versa for a negative score.

The average scaled score is calculated as the mean scaled score of all pupils awarded a scaled score.

Average Scaled Scores		
	Newlands Primary	National
Reading	102.3	104.1
Maths	101.1	104.2
